**Subject:** Re: Request All board minutes not available online from January 1, 2017

Hi April,

I am wondering if it would be easier for us to talk instead of emailing I think we are missing some key points going back and forth. As I said in my May email to you, we are renovating our web- page and the board page is one of the main pages that we are redoing so the minutes for last year may not be up. I will research those and send those to you.

As for the minutes from April 15th-to May 14th of this year, that meeting was postponed and merged with April's meeting due to the majority of board being either out of the state or out on a medical reason.

I will be at the board meeting tonight, perhaps we can talk after the meeting so I can help with search and get the information you are looking for.

Thank you,  
Lisa ~

Lisa,

Well it does not clear up much, but there are some missing minutes even from the list on the website. So I would appreciate it if you would please send the minutes from the February 13, 2016. Also, if while doing so you find minutes for meetings between January 23-February 13, 2016 I would like a copy of those as well.

Finally, if there are any minutes from meetings between April 15 and May 14, 2017, I would like a copy of those, as well.

I will ask the board chair any questions I have about when the board made decisions that require an open public meeting personally.

Thanks for your help,  
April Bailey

If I read your email correctly, you said that you felt there were minutes that you did not have; either from the web-page or from the ones I have sent you. I asked which date you were missing. You asked for the dates of the meetings and I said that the dates for scheduled meetings were all listed on our web-page. (this was meant for you to compare what you have with what we have listed so I know which meetings you are missing)

I am not requesting any special privileges afforded to the media, i.e. attendance of executive sessions. All of these requests are based on a desire to understand the history of issues as presented at board meetings.
