Misty,

I totally understand. My schedule has been totally ridiculous this last week so I can only imagine your schedule. But, how awesome that Nestucca has had so many State qualifying teams and individuals at the high school level.

Anyways, it would be great if you could get the questions done by next Friday, May 26. Next week I will have a lot to cover from the weekend, so I hope to have your feature finished by May 29th. That will give us some coverage in between state competitions and senior awards/graduation.

By the way, if you ever have anything else you would like the local press to cover in the future, please let me know. The Pioneer hopes to provide better representation of the outlying areas of Tillamook County.

Thanks,
April
